

Dear Bugs Bunny,

Thank you for your recent donation of \$75 to Spot's Last Stop.

We are still reflecting on the amazing things the year 2016 brought to Spot's Last Stop. Last year truly showed us what canine rescue is all about. With almost 800 dogs and puppies rescued in just over a year, we were able to witness the magical experience that happens at an adoption almost daily.

With your donation, we were able to accomplish the following goals for 2016:

- Bring 30-50 dogs into rescue each month
- Grow our foster network
- Have two large adoption and fundraising events
- Cover veterinary care for various dogs

In the coming year, we hope to expand our means to:

- Bring 50-70 dogs into rescue each month
- Provide foster incentive programs to grow our foster database
- Have numerous large adoption and fundraising events
- Be able to bring heartworm positive dogs into rescue (treatments costing \$800-\$1500 per dog)

We are excited about this coming year to both continue to grow our priceless relationships with fosters, adopters, volunteers, donators, and supporters.
